NAB presents, Business Success with David Koch, live streamed to Tennant Creek

By **October Business Month Keynote**

David Koch, fondly known as Kochie, is one of Australia's most recognised and respected personalities. In 2023, he ended his 21-year tenure as Australia's longest-standing breakfast TV host. A former finance journalist and editor, David is now a prominent business commentator, speaker, and Chair of the Port Adelaide AFL Club.

Kochie will deliver an insightful presentation that will empower Territory businesses with game-changing insights while uncovering possibilities for thriving in a dynamic landscape.

Kochie's presentation will be live streamed from Darwin.

Why our Organisations need Managers as much as Leaders

By **On The Same Page Consulting Leadership**

A leader sets the vision. A manager gets the job done.

This session will cover the practical aspects of management that are critical to business success - planning and budgeting, systems and processes, monitoring and evaluating, developing other managers - and why all this matters.

What's the point of critical and strategic thinking?

By **On The Same Page Consulting Strategy and planning**

Critical and strategic thinking simply describe two ways your brain works.

Strategic thinking sets goals and looks into the future. Critical thinking is your internal fact-checker and evaluates and analyses information.

Learn how you can develop these skills, why they are both important, and how to use them.
